Dear Ms Dobson

In Light of the recent updated 5YLS put forward by CDC would you please be so kind as to forward this email with attachments to the Examiner of the BNP as I believe in the interest of fairness the evidence contain within these attachments does question CDC ability to deliver a 5 year housing supply and should be reviewed by the Examiner.

Kind regards

Paul Knappett

Good morning,

Please find attached the addresses and number of dwellings for the Apuldram catchment. As you will notice from the table, windfall sites since 1st April 2006 have been included in the calculations, they are not additional. The planning permissions are as at 20th June 2014.

Kind regards

Sue Payne

Good morning,

I have attached the table that was updated from the original MWH Wastewater Treatment Works Study showing the housing completed or to be constructed. The further amended tables are then also included in the recent Position Statements, with Apuldram being separated in the most recent update.
