Asset Replacement Project Programme 2019-20

INTRODUCTION

This document contains details of the Council's revenue and capital budget spending plans for the financial year 2019-20. The spending plans are formulated in accordance with the financial principles of the Financial Strategy as adopted by Council that results in a robust financial estimate of the resources needed to deliver Council Services in 2019-20.

The Council has a statutory duty to prepare a balanced annual revenue budget. It is also good financial management to do so within the context of the five year Financial Strategy taking into account the impact of the capital programme on the revenue budget.

The five year Financial Strategy contains the key financial principles to be followed for making financial decisions over the next few years; aiding the management of the Council's finances in anticipation of the major changes in future government funding from 2020-21, and the expectation of diminishing resources.

In 2016, the Council took up the government's multi-year funding offer that ensured it would receive the allocations published as part of the 2016-17 local government finance settlement over the following three years. 2019-20 is the last year of this agreement.

Council Spending - Revenue Budget

The Council's revenue budget requirement for 2019-20 is £13.830m (£11.652m excluding NHB). This represents a spending increase of 6.2% (or a 8.8% increase when excluding the NHB) over the base budget for 2018-19.

The budget requirement is calculated after deducting income from fees and charges. It has to be financed from Council Tax, Retained Business Rates and other Government Grants.

The proactive financial management of the council's medium term financial position, efficiencies made during the year, and progress with the deficit reduction programme, have placed the Council in the position of once again being able to balance the forthcoming financial year's budget. This is another major step towards the objective of securing the Council's financial stability over the medium term.

The revenue budget for 2019-20 is shown in the summarised Comprehensive Income and Expenditure statement. This summary provides the net cost of each Cabinet portfolio and also for the main services within each portfolio area.

The detailed budget preparation allows for some variations between budget centres which, when aggregated for the whole of the General Fund, have a neutral effect. These adjustments include:

- Approved virements between or within service budgets. The detailed estimates include some minor virements, requested by budget managers, which have no significant impact on the overall level of service provision.
- Notional capital charges for the use of assets included in individual budgets, for proper accounting standards purposes. For council tax setting purposes, these charges are neutralised as an adjustment between reserves.

An analysis and explanation of the major budget movements is also included in the pages that follow the summarised Comprehensive Income and Expenditure statement.

Council Spending – Capital Budget

The 2019-20 budget includes a Capital Programme of £8.92m. Of this sum the following major schemes have been provided for:

- £3.6m for various housing grants including Disabled Facilities Grants and Affordable Housing Grants;
- £1.9m for the Asset Replacement Programme; and,
- £1.8m for Community Infrastructure Levy projects.

Further details can be found in the Capital and Projects Programme and Asset Replacement Programme sections of this document.

Council Tax

The Government have confirmed that they will continue with the requirement for any "excessive" Council Tax increases to be determined by local referendum. They have established that the threshold for Chichester before triggering a referendum is the higher of either 3% or £5. This equates to a 3.2% increase, or less than 10 pence per week.

For 2019-20, Chichester District Council has agreed a council tax charge of £160.81, an increase of £5 on the charge for 2018-19.

Further information

Further information about the budget spending plans may be obtained from the Financial Services Team at the Council headquarters at East Pallant House, 1 East Pallant, Chichester PO19 1TY.

If you have any questions on any of the information included in the Council's budget spending plans please contact the Financial Services Team on 01243 785166 or email finance@chichester.gov.uk.

Budget Spending Plans 2019-20

The Council's estimated budget requirement for 2019-20 is £13.830m (£11.652m excluding NHB). This represents a spending increase of 6.2% (or a 8.8% increase when excluding the NHB) over the base budget for 2018-19. The movement can be analysed as follows:

<u>Major Variations</u>	<u>£000</u>
Base Budget 2018-19	13,025

Total Funding 13,830	NHB	2,178
	Total Funding	13,830

An explanation of each of the major variances shown in the table above can be found in the following paragraphs:

Budget Increases

1. Pay Settlement (budget increase of £456,000)

The 2019-20 base budget includes provision for a 2% pay increase.

2. Net Inflation on prices (budget increase of £162,100)

This takes into account cost inflation of £278k which is offset against income inflation (excluding car parks) of -£116k. General inflation has been estimated at 3%.

3. Salary Increments (budget increase of £75,900)

The impact of incremental drift on council staff salaries.

4. Pension Contributions (budget increase of £45,700)

0.4% contribution increase from 21.00% to 21.40%. Annual pension cost = £2.9m.

5. Business Rates Payments (budget increase of £61,200)

Overall increase in business rates payable on council owned properties. It was anticipated that 100% rate relief would be granted on the Council's public conveniences generating a budget reduction of some £31k. However, as this new relief requires primary legislation we have been informed by the government that this is now unlikely to happen in 2019-20.

6. <u>Insurance Premiums (budget increase of £18,900)</u>

Increase in Council-wide insurance premiums.

7. Postage (budget increase of £16,000)

Service cost pressure, budget has been exceeded for several years.

Budget decreases

8. Corporate Training (budget decrease of £58,000)

Reduce Corporate Training Budget as per five year Financial Strategy.

9. CTR Grant to Parish Councils (budget decrease of £41,600)

Reduction in Council Tax Reduction (CTR) scheme grant paid to Parish Councils as agreed at December 2018 Cabinet. Total sum payable in 2019-20 is £34k.

10. Rent rebates and rent allowances (net) (budget decrease of £36,700)

Net decrease in Housing Benefit Subsidy and expenditure. The net impact of Housing Benefit payments after the receipt of government subsidy is extremely difficult to predict as it is influenced by caseload volume, changing economic conditions and also government initiatives that affect the value of payments made and also the levels of subsidy provided. The forecast for the current financial year indicates that expenditure on housing benefit payments to claimants will fall to £34.3 million compared to the outturn for 2017-18 of £34.6 million. The budget estimate of £31.1 million for 2019-20 reflects a reduction of 1% on 2018-19 budget as an estimate of the impact of changes to Housing Benefit entitlement. The council is estimated to receive £30.4 million Housing Benefit Subsidy. The net cost to the Council (excluding the recovery of overpayments) has increased by £27k from £714k to £741k. The recovery of overpayments (net of changes to the bad debts provision) reduces the budget by -£63k.

Decrease in income

11. Car Parks (decrease in income of £384,500)

Car parking income has decreased due to the following:

- Correction to budgeting error for car parking permits £54,500
- Reduction in income as the franchise for car washing in Council car parks has ended £30,000
- Permanent adjustment downwards for car parking income reflecting the current economic downturn £300,000.

- Planning Application Income (decrease in income of £140,000)
 Estimated reduction in the volume of applications being received.
- 13. Recycling credits receivable from WSCC (decrease in income of £87,000)
 Reduction in income due to new West Sussex County Council regime.
- 14. Choose Work (decrease in income of £37,000)

Correction of budgeting error for a funding contribution for the Choose Work programme that was double-counted in the 2018-19 base budget.

Housing Benefits Administration Subsidy (decrease in income of £28,800)
 Reduction in Housing Benefit administration subsidy grant provided by the Department for Work and Pensions.

Additional Income

16. Estates rentals and licence income (additional income of £150,400)

Most significant changes are: Enterprise Centre £130k, Careline building £19k, and Plot 21 Terminus Road -£25k. Total Estates rental income is estimated to be £1.8m (excl. Investment Property income).

17. Leisure Centre Management (additional income of £92,400)

The income the Council will receive from the leisure management contract will increase from £554k to £646k in year 4 of the ten year contract.

- 18. <u>East Pallant House Service Charge Income (additional income of £35,200)</u>
 Service charges paid by the external organisations that are now using East Pallant House
- 19. <u>Street Naming and Numbering (additional income of £27,300)</u>
 Introduction of a new charging regime for street naming and numbering, for the discretionary function to developers for the initial allocation of street naming and numbering at the time of construction.
- 20. <u>Homeless Hostel Rental Income (additional income of £12,600)</u>
 The occupancy rate at the Westward House homeless hostel in Chichester has increased from 82.5% to 85%.

Service Efficiencies

- 21. <u>Savings arising from Senior Management Restructure</u> (budget decrease of £135,300 The following savings have been agreed:
 - Succession Planning as agreed by Cabinet on 22 November 2016 -£65k.
 - Restructuring as agreed by Cabinet 8th January 2019 -£70k.
- 22. New Trade Waste Disposal Contract (budget decrease of £102,000)

Contract is now with a new provider located in Ford. Previously this was with West Sussex County Council.

23. Savings arising from staffing restructures (budget decrease of £63,400)

Further staffing restructures have produced the following savings:

- Contact Centre £13k
- Chichester Contract Services £50k
- 24. Service transfer (budget decrease of £34,000)

Service transfer to a private provider as agreed by Cabinet on 6 November 2018.

Growth Items

- 25. Corporate pay review (budget increase of £64,100)
 - At its meeting in January 2019, Cabinet approved a budget increase of £64,100 to fund the outcome of the corporate pay review including salary protection costs during the three year period 2019-20 to 2021-22.
- 26. <u>Car Parks card and contactless payments (budget increase of £50,000)</u>
 Additional budget required to cover the costs of card and contactless payments.
- 27. Holiday Pay (budget increase of £26,000)

There is a new requirement to pay holiday pay on overtime payments to staff.

28. <u>Additional Environmental Health Officer (budget increase of £11,600)</u>
Senior Environmental Health Officer post 0.50 FTE, net of savings identified to fund this post.

Contributions to/from reserves

29. Contributions to/from reserves - subject to Final Settlement (an increase of £65,000)

The budget for 2018-19 included a £738k contribution from the Business Rates Equalisation Reserve. This reserve is used to account for the net effect of timing differences between funds recognised in the Council's General Fund in accordance with accounting rules and the timing of cash payments received from Central Government. A contribution from this reserve is not required in 2019-20.

A sum of £150,000 will be transferred to the Revenue Support Reserve to mitigate the potential impact of funding pressures on the community in the Chichester district.

Inflationary increase in contribution to the Asset Replacement Programme (ARP) of £37k plus an increased annual contribution of £33k as a result of a review of the fund for the 2019-20 budget. The total contribution to the ARP is £1.4m.

The budget for 2018-19 included a sum of £565k towards the change in the value of council investments as a consequence of the decision by the Chartered Institute of Public Finance and Accountancy (CIPFA) to adopt IFRS9. In November 2018, after successful lobbying to the Ministry of Housing, Communities and Local Government (MHCLG), the Government issued a "statutory override" for a five year period. This one-off budget has been set aside in the Investment Risk Reserve in 2018-19, and removed from the base budget in 2019-20.

A contribution to reserves of £533k has been set aside for new investment opportunities. This represents a £328k decrease on the base budget contribution from 2018-19. Use of this reserve will follow the normal project approval process via Cabinet and Council (depending on value). Council on 5th March 2019 requested that Cabinet consider the following initiatives to be funded from this reserve:

- The appointment of a Climate Emergency Officer on a three year fixed term contract;
- Evening parking to be free of charge in two Chichester city car parks for an initial fixed term of three years; and,
- Any remaining balance to be placed in the Investment Opportunities Reserve.
