Subject: Housing Delivery Test 2021

The most recent housing delivery test outcome (the 2020 measurement) is available on the governments website at [Housing Delivery Test: 2020 measurement - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/news/housing-delivery-test-2020-measurement) . That shows delivery at 143%. For the 2020 test, delivery is primarily assessed against the adopted plan target for 435 dpa. Moving forwards, delivery will be increasingly assessed against the higher figure derived from the standard methodology which will have a negative impact upon future delivery test outcomes (until such time as a new local plan is adopted).
